

MEDICAL VOLUNTEERS INTERNATIONAL

Person Specification: Field Mission Mental Health Project for Psychosocial Support for Kids and Families

Location: Greece/Athens

Coordination Fee: 500 EUR / Month + accommodation support

Period: 3-6 months

Your Role

We want to dock our MHPSS projects preferably to our Athens project due to the very dynamic situation and the new camp on Lesbos, your role during the field mission is to look closely at the situation on the ground, find possible cooperation partners, locate possible spaces and try to set up the project in a suitable location after close consultation with the board.

Your tasks include

- Close consultation with the coordinators on site
- Identify potential cooperation partners
- Meeting with potential cooperation partners
- Identify potential working spaces
- Attending regular meeting of partners on the ground
- Maintaining a good relationship with partners and collaborating organisations/ updating partners/relevant organisations about changes in activities
- Developing network with other relevant organisations
- Developing the programme based on the needs of the patients
- Updating guidelines and documents relevant for the kids MHPSS program when setting up in a new city

Experience

The applicant needs to have **at least 2 years of experience** in working in social or mental health sector. Other required qualities include:

- Driver licence
- Excellent English
- Excellent organisation and communication skills
- Knowledge of handling Google drive, Excel and Word
- Open minded and understanding of different cultures and beliefs
- Flexible, responsible and responsive

Not required, but preferred qualities include:

- Experience in working with kids and families
- Knowledge of languages: Farsi, Arabic and/or French
- Previous experience as a Coordinator
- Previous experience in the humanitarian aid field and/or work with refugees
